Living in Paris

Handball player

Chess nerd

Fluent English

## Experience

### Product Manager **Rogervoice** 2018 - today

I carefully design experiences so that deaf people can make phone calls. I am in charge of several products (a mobile app, a website and two web applications).

### Web Designer **October** 2015 - 2018

I designed and implemented October's website (when it was still named Lendix). I also made all the communication supports (illustrations, animations, print).

### Freelance Designer 2014 - today

### Co-founder **Tryon** 2013-2015

With my teammates I developed a 3D avatar to virtually try clothes on. It was a great experience, I learned a lot.

## Education

### Graphic designer training **EDAA** 2016 - 2018

A three-year home training to learn (or re-learn) all the graphic design basics at EDAA (Ecole Des Arts Appliqués).

### Master of IT **Epitech** 2011 - 2016

Epitech, European Institute of Technology is a french five-year cursus to become an IT expert. GPA : 3,55.

### Preparatory classes 2010 - 2011

Maths focused intensive program preparing for the national exams to enter engineering schools.

### Scientific A-level 2007 - 2010
